# Call-for-Papers

## The Third International Conference on Railway Technology: Research, Development and Maintenance

5-8 April 2016 - Cagliari, Sardinia, Italy

### Introduction

Railways have always played a significant role in the development of the wealth creation capabilities of society. The search for a fast, reliable and cost effective means of transport which presents better energy efficiency and less impact on the environment has resulted in renewed interest and rapid development in railway technology. This conference will further develop the themes explored at the first two conferences in this series held in Las Palmas de Gran Canaria during 2012 and Ajaccio, Corsica during 2014. For a full list of the conference themes and the special sessions, please see the conference webpage.

### Abstract Submission, Registration Fees and Important Deadlines

For registration information, important deadlines and online submission of abstracts please refer to the conference webpages. Early submission of abstracts is advised.

### Young Researcher's Paper Prize

A prize of 1000 Euros will be awarded for the best written paper from a first named author under the age of 35 on 5 April 2016 presented at the conference. Please see the conference webpage for further details.

### Industry Posters

A limited number of conference participants from industry may present posters at the conference. For further details please see the conference webpage.

### Proceedings & Special Journal Issues

The proceedings will be published by Civil-Comp Press as a printed book of summaries with accompanying data-stick containing the full length papers. A selection of extended reviewed versions of the best papers will be published in special issues of the International Journal of Railway Technology (Saxe-Coburg Publications) after the conference.

### Venue

The venue for the conference is the ultra-modern T Hotel, located in the very heart of Cagliari, the capital of the Mediterranean island of Sardinia. Special hotel room rates have been negotiated for conference participants.

For further details please visit the conference webpage at:
